

REMARKS

This supplemental amendment is made to correctly list and number the claims that are pending in the application. The remarks made in response to the rejections under 35 U.S.C. 102 and 103 and under the judicially created doctrine of obviousness-type double patenting are incorporated herein by reference. The Examiner has also required restriction between the claims in Group I, claims 40-62, and Group II, claims 63-84. Applicant affirms the election of Group I, claims 40-62.
